

# YASH DHASADE

Full Stack Developer

🏠 Navi-Mumbai 📞 9730522641 ✉ [yashdhasade@gmail.com](mailto:yashdhasade@gmail.com) 💻 [yash-dhasade](#) 🌐 [Yash-Dhasade07](#) 🏆 [Leetcode](#)

## Profile Summary

Fullstack Web Developer with experience in **Node.js**, **MongoDB**, and **React.js**, delivering optimized, responsive web applications.

## Internship

YHills

June 2023 – July 2023

*Java Programming*

- Acquired in-depth knowledge of Java's **object-oriented principles**, enhancing problem-solving skills by implementing core concepts like inheritance and exception handling.
- Engineered a multi-floor **elevator control system**, integrating **intelligent direction handling**, passenger management, and seamless floor transitions using **HashMap** and Boolean for real-time operations.

## Projects

**Job Portal Application** | [GitHub](#) | [View](#) | *Node.js, MongoDB, ExpressJs, Ejs, CSS, JavaScript* **September 2024**

- Developed a job portal using the **MVC architecture**, allowing recruiters to post jobs and applicants to apply, with automatic email notifications for successful applications.
- Implemented **resource-based authentication**, ensuring only job owners can edit job details and view applicants, while maintaining secure access control.
- Integrated features like **search functionality**, **file upload** middleware for resume handling, and **cookies** for tracking user authentication and visit history, enhancing security and usability.

**Social Media API** | [GitHub](#) | *Node.js, ExpressJs, MongoDB, Mongoose*

**October 2024**

- Architected a scalable and high-performance **RESTful API** for a social media platform using MongoDB and **Mongoose** for optimized database management and persistence.
- Integrated **JWT-based authentication** for secure user management, with **OTP** verification for registration and password recovery.
- Applied Node.js and Express.js best practices to ensure scalability, maintainability, and seamless API performance.

**Music Player** | [GitHub](#) | [View](#) | *JavaScript, HTML, CSS*

**August 2024**

- Built an interactive music player using advanced **DOM manipulation** to enable smooth playlist management and user control.
- Developed features like **genre filtering**, **queue navigation** (next/previous), and **search functionality**, enhancing usability and engagement.
- Delivered a **customizable, responsive interface**, enhancing user experience with seamless playlist management and dark mode toggle.

## Technical Skills

**Programming Languages:** Java, HTML/CSS, JavaScript, Python, C

**Databases:** MongoDB, MySQL, Mongoose, Firebase

**Developer Tools:** VS Code, IntelliJ IDEA

**Frameworks:** Node.js, ExpressJs, React.js, Bootstrap,

**Additional Skills:** DSA, OOPS, Git

**Soft Skills:** Adaptability, Conflict resolution, Teamwork

## Education

**Pillai HOC College of Engineering And Technology (CGPA: 7.5/10)**

**2020 – 2024**

*Bachelor of Engineering in Computer Engineering*

*Rasayani, Maharashtra*

## Trainings

**Coding Ninjas**

**Jan 2024 - Oct 2024**

*Full Stack Web Development*

- [Backend Development](#) | [Frontend Development](#) | [Generative AI](#)

## Certifications

- [Programming In Java](#)
